Recent B.Sc. in Computing graduate with strong foundations in full-stack development using MERN stack technologies. Demonstrated ability to build responsive web applications and manage complex projects from conception to deployment. Seeking an entry-level software developer position where I can leverage my technical skills to contribute to innovative solutions and grow professionally.

EDUCATION

May 2021 - August 2024

IIMS College, Dhobidhara, Kathmandu - Bachelor of Computer Science (Honours)

Relevant Coursework: Web Development, Database Management, Software Engineering
Notable Projects: Classroom Management System, E-commerce Platform

2018 - 2020

St. Lawrence College, Chabihel, Kathmandu - Higher Secondary Education (Science-Physics)

TECHNICAL SKILLS

Frontend: React.js, Next.js, HTML, CSS, JavaScript, Tailwind CSS, Framer Motion
Backend: Node.js, Express.js, RESTful APIs
Database: MongoDB
Tools & Version Control: Git, GitHub
UI Frameworks: shadcn/ui

SOFT SKILLS

Strong Communication: Clearly expressing ideas, both verbally and in writing
Problem-Solving: Identifying issues, analyzing options, and implementing solutions
Learning and Adapting: Learn new things and explore different concepts
Time Management: Prioritizing tasks effectively to meet deadlines
Emotional Intelligence: Maintaining professionalism and calm under pressure
Teamwork and Collaboration: Working efficiently with others to achieve shared goals
Critical Thinking: Evaluating situations logically and making informed decisions
Leadership (Even in Non-Leadership Roles): Taking initiative in group settings

PROJECTS

Full-Stack E-commerce Platform

- Developed a e-commerce website using Next.js, Express.js, and MongoDB
- Implemented user authentication, product management, and Search functionality
- Utilized responsive design principles for optimal user experience across devices
Technologies: Next.js, Express.js, Node.js, MongoDB

Classroom Management System
- Built a comprehensive system for managing educational resources and student information
- Implemented role-based access control for administrators, teachers, and students
- Created RESTful APIs for seamless data management
Technologies: Next.js, Express.js, Node.js, MongoDB

Portfolio Website
- Designed and developed a personal portfolio using latest web technologies
- Implemented smooth animations and transitions using Framer Motion
- Created reusable components with shadcn/ui and Tailwind CSS
Technologies: Next.js, Framer Motion, Tailwind CSS

ACHIEVEMENTS

- MERN Stack Developer Certification - Mindrisers Institute of Technology
- HackerRank Javascript Certification - HackerRank
- Runner-up in UI/UX Design Competition (Aug 2022) - IIMS College
- Best Computer Science Student / Group Project Award (2019) - St. Lawrence College

LEADERSHIP & VOLUNTEERING

- Organized and coordinated college events including Blood Donation Program and Dashain Carnival
- Demonstrated leadership abilities through successful event management and team coordination
